HEARTLAND CHAPTER

Objectives:

Following the presentation, participants will be able to:

1. Define and describe the DSM-5 diagnosis for Avoidant/Restrictive Food Intake Disorder (ARFID).
2. Diagnose and effectively manage ARFID.
3. Implement best practices for treating this patient population.

The iaedp™ Foundation, Inc. and its affiliated chapters do not endorse any individual sponsor, treatment facilities, or their treatment philosophies.

Our Mission: The iaedp Heartland Chapter aims to provide educational opportunities to practicing professionals designed to increase awareness of eating disorder treatment and to enhance the skills of practicing professionals.
