

LINDNER CENTER OF HOPE

Transforming Hope Campaign: \$30 Million

Your support will bring world-class mental health care to more people.

Additional Treatment Spaces

- Expansion of Sibcy House, including additional patient rooms, group spaces and common areas
- New treatment units
- Expansion of Farmer Family Foundation Neuromodulation Center
- Clinician office spaces

Wellness Facilities

- Integrative approach to mental health incorporating wellness-related activities and programs
- Exercise and fitness amenities
- Healthy eating

Recruiting and Retaining the Best Clinicians

- Endowment funding ensures we retain and continue to recruit expert psychiatrists, psychologists, therapists, advance practice nurses and researchers.

Greater investment is needed to continue our journey.

Please join us in transforming lives. Make your gift today.

Hope is growing. Your gift can change what is possible.

By giving, you are helping us expand our facilities, increase the number of patients we serve, and lessen the suffering of people with mental illness.

"Kindling hope is at the heart of our mission to create healthy communities. In a world where mental health challenges can feel stigmatizing, isolating, and overwhelming, we strive to create an environment where compassion, warmth, and understanding flourish. Our dedicated team delivers the latest in evidence-based treatments. They also foster genuine connections that empower individuals on their journey to recovery. By supporting Lindner Center of Hope, you play a crucial role in nurturing this spirit of hope, ensuring that every patient and family receives the empathy and expertise they need to rebuild their lives. Together, we can transform lives and create a community where healing is possible!"

– Michael Groat, PhD, MSc
Interim CEO/Chief Clinical Officer

Giving Levels
