BOUNDARIES:
If someone throws a fit because you set boundaries, it's just more evidence the boundary is needed.

Consistency is Key

Set clear rules

Establish the + & - consequences

Follow through!!!
What about cell phone usage?
Screen Time

- Familiarize yourself with programming to make sure it is age-appropriate.
- Talk to your child about what they are seeing. Point out good behavior, such as cooperation, friendship, and concern for others. Make connections to meaningful events or places of interest.
- Be aware of advertising and how it influences choices.
- Encourage your child to learn other activities such as sports, music, art, and hobbies that do not involve screens.
- Set a good example with your own safe and healthy screen habits.
- Teach children about online privacy and safety.
- Actively decide when your child is ready for a personal device.
- Encourage using screens in ways that build creativity and connection with family and friends.
- Consider your child or teen’s maturity and habits. The right plan for one family may not be a good fit for another.
