Information to Expedite the Admission Process

- Reasons for admission to inpatient care, precipitating factors, current behaviors.
- Guardian issues – Community Probate or Guardianship Status
- Current medications and compliance, allergies.
- Medical issues - General medical history
- Substance use – If yes, what substances and how much is used and date of last use?
- Insurance information, copy of front and back of insurance card. Prior authorization will need to be obtained, including the authorization number, and contact person at the insurance company. Lindner Center of HOPE will work on prior authorization.
- If available, please fax current notes and any other available information pertinent to the admission to fax #513-536-0509.

Criteria for admission of pregnant and post-partum patients:
1. No limit on the time between delivery and post-partum to admit.
2. Patients under the care of an obstetrician, primary care physician who provides obstetrical care, or certified nurse midwife can be accepted in the first and second trimester without any known complications. The patient must be in agreement that she will be transferred to the nearest local hospital (West Chester Hospital) if obstetrical issues arise, and not to the hospital where the delivery is planned. This includes any Doppler readings required.
3. No gynecological exams can be completed/required for current pregnant or post-partum patients.
4. No level of wound care for post-partum patients will be provided.
5. Only standard labs will be ordered.
6. Post-partum patients may pump breast milk which will then be labeled and stored in a special freezer on the adult inpatient unit. Post-partum patients may be responsible for bringing their own specialized supplies.

Insurance for hospitalization and other hospital-based services:
In general, Lindner Center of HOPE accepts payment from major insurance carriers for hospitalization. Some other services, depending upon the patient’s coverage, may also be covered. A partial listing of insurance programs accepted at Lindner Center of HOPE for hospitalization and other inpatient services are listed here. Questions about your insurance can be directed to a Lindner Center of HOPE representative when you inquire about care at 513-536-HOPE (4673).
Insurance Continued
