

## LCOH MYCHART APPOINTMENT REQUEST

### Patients can request an appointment with their provider

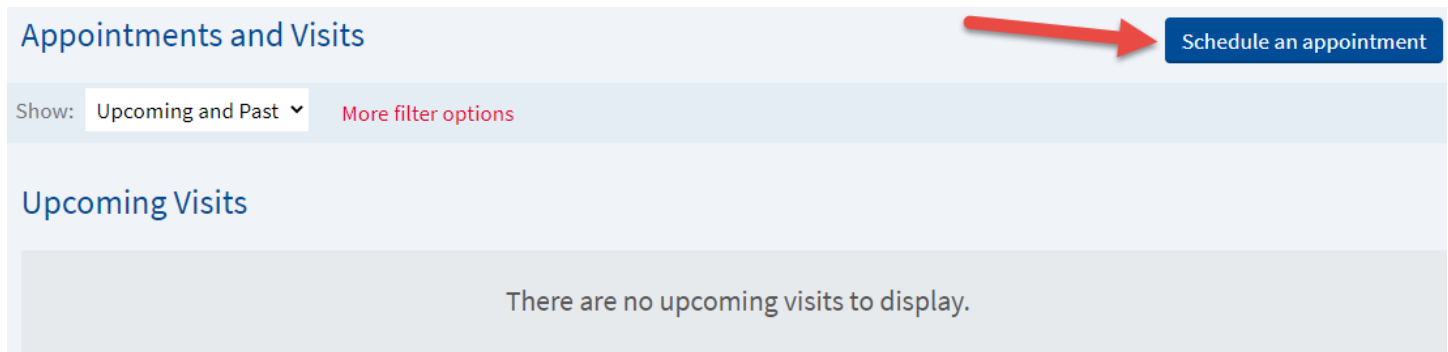

A patient can request an appointment with their provider with whom they have a previous relationship. The patient must have a completed visit in the past with their provider to request an appointment. The appointment request will send an In Basket message to the clerical pool for scheduling.

### REQUEST AN APPOINTMENT BY CLICKING ON "VISITS"

Below the navigation bar is a 'Welcome!' message with a 'Mychart 4' notification. Below the welcome message are two notification cards: 'Hepatitis C Screening is overdue.' and 'Flu Vaccine is overdue.', each with a 'View Details' button.
