Telehealth Consultation: If my healthcare provider and I decide to engage in a telehealth consultation, in which my visit will be conducted remotely via telehealth technology, I agree to the following: I understand that telehealth involves the communication of my medical/mental health information in an electronic or technology-assisted format. I understand that the audio and/or video conference the technology used to perform the consultation will not be the same as a direct patient/healthcare provider visit, because I will not be in the same room as my healthcare provider. I understand there are potential risks to this technology, including interruptions, unauthorized access, and technical difficulties. I understand that my healthcare information may be shared with other individuals for treatment, payment, and/or healthcare operations purposes such as for scheduling or billing. Others involved in my care may also be present during the consultation other than my healthcare provider, and I will be informed of their presence in the consultation and will have the right to terminate the consultation at any time. I understand that electronic communications may be used to communicate highly sensitive medical information, such as treatment for or information related to HIV/AIDS, sexually transmitted diseases, or addiction treatment (alcohol, drug dependency, etc.). I understand that my healthcare provider or I can discontinue the telehealth consult visit if it is felt that the audio and/or videoconferencing technology

is not adequate for the situation. I understand there is no guarantee the telehealth sessions will eliminate the need to see my healthcare provider in person.

I understand that the alternative to a telehealth consult/visit is an in-person visit. I understand I may ask questions prior to having a telehealth consultation. By signing below, I acknowledge that I have read and understand the risks and benefits of a telehealth consultation, and I wish to proceed with the telehealth consultation.
